✉ Email 🔗 LinkedIn 📍 Denver, Colorado

SUMMARY

Results-driven Project Manager with over 5 years of experience in leading technology projects. Proficient in stakeholder management, resource allocation, and risk analysis, achieving a 25% increase in project efficiency across various initiatives.

EXPERIENCE

Senior Project Manager

Tech Solutions Corp

📅 06/2021 - Present 📍 Denver, CO

- Pioneered the development of a new project tracking system that integrated cross-departmental workflows, which enhanced project updates by 40%.
- Steered multi-disciplinary teams through intricate technical challenges on several projects, consistently meeting client specifications and expectations.
- Analyzed project performance metrics that highlighted inefficiencies, leading to the introduction of best practice methodologies to optimize day-to-day operations.
- Orchestrated weekly status meetings and reporting systems that kept stakeholders informed, fostering transparency and project ownership throughout the organization.
- Directed risk assessments and developed contingency plans, reducing potential project delays and costs associated with unforeseen challenges.

Project Manager

Global IT Solutions

📅 01/2019 - 05/2021 📍 Denver, CO

- Successfully coordinated resources for projects with budgets exceeding \$1M, ensuring timelines and budgets were consistently met.
- Formulated detailed project charters and risk management strategies that minimized potential risks and streamlined project progress.
- Collaborated with marketing and development teams to roll out new software solutions that improved user retention rates by 20%.
- Maintained comprehensive project documentation including charters and progress reports, ensuring all stakeholders had the necessary insights.
- Facilitated client engagement sessions that clarified project scopes and expectations, significantly mitigating confusion and enhancing cooperation.

Assistant Project Manager

Innovative Tech Group

📅 06/2017 - 12/2018 📍 Denver, CO

- Assisted in managing project timelines and resource allocation for several high-stake projects, saving roughly \$100,000 on annual expenditures.
- Engaged with vendors and partners to ensure the smooth execution of projects, establishing effective relationships that enhanced collaborative efforts.
- Contributed to the development of project documentation that improved team efficiency, aiding in successful onboarding of new project members.
- Supported risk management initiatives that led to early identification of project hurdles, effectively reducing potential delays.
- Participated in project review sessions that promoted team learning and continuous improvement of project strategies.
